Great Work-Life Balance

"I came to the MAA after a 30+ year career in the financial world and was attracted to the interesting and important work supporting municipalities across the province. I was able to take advantage of the subsidized training and education programs offered by the Agency to secure an internal promotion within my first two years of work.

I also work with a great group of people who are always there to help as needed. The pension plan and medical benefits help secure my financial future while my work schedule and annual leave program helps me maintain a solid work-life balance.

I would not hesitate to recommend the MAA as an employer to anyone who asked."
